## *Comprehensive Annual Financial Report for the year ended June 2005*

Making sense of your dollars

# Mission of Kelsey

*Amenities of the big city without sacrificing the small town charm*

## City Values:

Public Trust - we are honest, accountable and trustworthy

Customer Service - we provide excellent effective and efficient services to our citizen

Employees - we value and respect each other as we serve the public

Continuous Improvement – just as the needs of our residents change so must the service we provide. We look for innovative and imaginative team problem solving to deliver superior customer service

## **Introductory Section**

*The transmittal letter contained in this section includes information on the City's economic condition and outlook, major initiatives, and financial information*

# City of Kelsey

June 2005

Honorable Mayor and Councilmembers, City Manager and residence of Kelsey:

The comprehensive annual financial report of the City of Kelsey, for the year ended June 20, 2005, is hereby submitted in accordance state statutes. Both the City charter and state statutes require that the City issue an annual report on its financial position and activity. This report is audited by an independent certified public accountant. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures rests with City's management. To the best of our knowledge, the enclosed data is accurate in all material respects.

These financial statements have been prepared in accordance with generally accepted accounting principles (GAAP) for local governments as prescribed by the Governmental Standards Board (GASB).

The comprehensive annual report is presented in three sections: introductory, financial and statistical. The introductory section, which is unaudited, includes this letter and an organizational chart. The financial section includes general purpose financial statements, as well as the independent auditors' letter, the combining fund statements, schedules and required supplementary information. The statistical section, which is unaudited, includes financial and demographic information.

The City is required to undergo an annual single audit in conformity with the Single Audit Act of 1996 and the U.S. Office of Management and Budget Circular A-133, Audits of States and Local Governments and Non-Profit Organizations.

The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire Administrative Services Department. I also wish to thank you and members of the City Council for their interest and support in the planning and conducting the financial affairs of the City.

Respectfully Submitted,

Director of Administrative Services

## **The Reporting Entity**

The City of Kelsey was founded by M. Kelsey, who realized that the sprawling fields, the pristine lake and the rolling hills provided the perfect landscape for farming and raising a family. His vision was to preserve the natural resources of the land and maintain a close-knit community. Kelsey's roots are grounded in a history of agriculture and self-sufficiency.

Kelsey's decennial growth rates have been below the statewide average with the exception of the period from 1900 to 1930 when Kelsey experienced its fastest growth; 19.7% from 1900 to 1910, 22.7% from 1910 to 1920 and 12.4% from 1920 to 1930. During the 1960's and 1970's, Kelsey saw a loss of population. The 1970 census showed a 1.5% decrease from the 1960 population and the 1980 census showed an additional loss of 7.3%. This negative trend was reversed in the 1980's and the 1990 census showed an increase of 1.7%; the city's slowest population growth rate. Over one hundred years, Kelsey's population increased by 280,000 residents, going from 342,768 in 1900 to 625,233 residents in 2000. Kelsey is ranked 1<sup>st</sup> among Northwest Valley incorporated cities and towns.

The City of Kelsey provides a full range of services that include public safety, development and community services. Where effective and efficient services are provided by private companies, for example building maintenance and trash collection has historically been awarded to low cost bidder. Services provided must be at the highest quality, this year the resident satisfaction survey ranked privately provided services at 98% over satisfaction.

## **Year in Review**

The City of Kelsey is a modestly growing city. The quality of life in Kelsey is enhanced by the City's development of cultural activities and the maintenance of our agricultural roots. Kelsey faces growth issues, but its residents and municipal government are committed to finding solutions for the future.

The continuing trend of new housing starts during this year increased the size of our community. This growth must be balanced with our agricultural roots. City planning and zoning is the key to long term City growth management.

In September of last year, our citizens approved \$2,000,000 in general obligation bonds. These funds are for street sign renovation and repair and park enhancements.

## **Economic Outlook**

The economic outlook is good for Kelsey with strong and stable fund balance reserves. As a result of the continued retail and commercial improvements, the City can diversify and strengthen its revenue base without comprising our small town values.

The State economy continues to experience a period of relatively strong growth. This current growth has increased the City's allocation of state shared funds for transportation.

## **Financial Information**

In developing the City's accounting system, focus is given to internal accounting controls. Internal controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets. The concept reasonable assurance recognizes that cost of a control should not exceed the benefit. The cost/benefit evaluation is a judgement made by management.

## **Budget Controls**

The City of Kelsey, as is all cities in this state, is mandated to adopt an annual budget. The City maintains budgetary controls to ensure expenditures do not exceed appropriated funds on a citywide financial basis.

## **Single Audit**

As a recipient state assistance, the City is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws. The internal control structure is subject to periodic evaluation by management. As part of the City's single audit, tests are made of the internal control structure and its compliance.

## **Financial Structure**

The City's operating budget is organized into funds in accordance with Generally Accepted Accounting Principle (GAAP) with guidelines established by the Governmental Accounting Standards Board (GASB). The City of Kelsey financial structure separates resources into five funds. Funds are a self balancing set of accounts can be viewed a mini-checkbooks or subsidies with specific purpose.

## **Overview of Major Fund Types**

### **General Governmental**

General Fund (GF) – Used to account for the majority of general government operating activities (e.g. Police, Fire, Administration).

Debt Service Funds (DSF) - Used to account for financial resources segregated to pay principal or interest on long-term general liabilities; this fund has much in common with sinking funds set aside funds to retire debt.

Capital Projects Funds (CPF) - Used to account for financial resources segregated to pay for construction or acquisition of long-lived capital assets; used to set aside resources to fund construction, does not have assets.

Permanent Funds - (PF) Used to account for resources provided by trust in which the earnings but not the principal must be used for public purposes (e.g. donation can only use interest).

Special Revenue Funds (SRF) - Used when required by law or by policy to account for financial resources earmarked for a specified operating purpose (e.g. toll on highway to collect fund for highway repair and maintenance).

## **General Governmental Overview**

The citywide operating budget for FY 2005-06 \$37.5 million, and represent a 6.4% operating budget growth. Much of the operating budget growth is due to an increase in funds for Police and Community Services reflecting the City's continued commitment to public safety, youth and social services programs.

General Fund appropriations grew by 6.7% in FY 2005-06. This primarily reflects funding for new employees to address workload increases in the Police Department, Development Services, Council priorities in Community Services, and increases for employee health care and retirement.

### **General Fund**

#### **Fund Structure Description**

The General Fund is the general operating fund of the City and is used to account for all financial activity not reflected in another fund.

#### **Major Services**

The General Fund consists of the following major functions:

- Administrative Services-Accounting, Budget, Human Resources, Facilities
- Police
- Fire
- Community Services
- Development Services

#### **Revenue Structure**

Major revenue sources for the fiscal years are: Local Sales Taxes, Charges for Services, Property Taxes, Charges for Services, and All Other.

### Local Sales Taxes

Local sales tax revenues are estimated at \$30.0 million in FY 2005-06, derived from a 1.1% City sales tax. Over half of the sales tax revenue comes from retail sales, with the remainder collected primarily from rental payments, utility and telecommunication payments, restaurant and bar sales and contracting sales. While Kelsey's single largest revenue source is highly responsive to changes in economic activity, the diverse and robust nature.

### Property Tax

Kelsey's property tax rate is \$1.00 per \$100 of assessed valuation, consisting of a primary tax rate of \$0.80 per \$100 of assessed valuation and a secondary tax rate of \$0.20 per \$100 of assessed valuation. Only the primary levy goes to the General Fund. While there is no restriction on its usage, the primary levy is limited by state law to a 2% annual increase plus any amount generated by new construction. The primary levy is estimated at \$2.0 million for FY 2005-06.

### **Expenditure Structure**

As the City of Kelsey is a service entity it is not surprising that the largest expenditure is personal services. For the FY 2005-06 Personal Services account for 80% of the total budget. The remainder of the 20% appropriated funds is for Fees and Services (10%), Materials and Supplies (5%), and Capital (5%).

Personnel expenditures increase by 4% primarily due to increases in health care and retirement contribution rate. Additional staff was added in accordance with Councils' Police and Community Services reflecting the City's continued commitment to public safety, youth and social services programs.

### **Transportation Funds**

#### **Fund Structure Description**

The Highway User Revenue Fund (HURF) and the Local Transportation Assistance Fund (LTAF) are Special Revenue funds that comprise the City's Transportation funds. They have been established to account for the receipt and expenditure of Kelsey's allocation of state-shared Highway User taxes and state Lottery funds.

#### **Major Services**

- Studies and Design
- Operations
- Traffic Lights and Signal System
- Street and Field Maintenance
- Planning

## **Revenue Structure**

Transportation revenues are derived primarily 95.0% from state-shared Highway User taxes. State Lottery proceeds account for 5.0% of FY 2005-06.

## **Highway User Tax**

Highway User revenues come primarily (60%) from the fuel tax (currently \$0.05 per gallon), with the remainder from motor carrier fees (20%), vehicle license taxes (10%), vehicle registration fees (5%), and other transportation-related fees (5%). Estimates for the total pool of HURF revenues to be shared by cities will be \$290.9 million in FY 2005-06, with Kelsey's share at \$3 million. Experience has shown, however, that state projections for HURF revenue have not proven reliable. In short, HURF revenues are subject to state policy changes, fuel sales, and population growth, all factors beyond the City's control. Pursuant to state statute, HURF monies can be used only for street and highway purposes, including right-of-way acquisition, construction, reconstruction, maintenance in the public right-of-way, and payment of debt service on highway and street bonds. HURF funds may not be used for transit or law enforcement programs.

## **Expenditure Structure**

Transportation funds include all personnel in the Streets and Traffic Operations and Transporations Divisions. Major budgeted expenditures include: Major budgeted expenditures include: Personnel Services (42%), Utilities (20%), Material and Supplies (10%), Fees and Services (23%), and Capital (5%). Non-personnel expenditures are due to the installation of new energy efficient hollagen street signs. Non-personnel expenditures are due to the installation of new energy efficient hollagen street signs.

## **Debt Service Fund**

### **Fund Structure Description**

A Debt Service fund is maintained to receive dedciated revenues used to make principal and interest payments on the City's general obligation debt.

### **Revenue Structure**

Debt Service fund revenues are derived soley from a secondary tax rate of \$0.20 per \$100 of assessed valuation. Debt Service revenues trends are a function of changes in assessed valuation and the City's secondary property tax rate. While changes in the assessed valuation represent the effect of marketplace and assessor methodology, the secondary rate is deterimined by City policy.

## **Expenditure Structure**

Expenditures in this fund are confined to principal and interest on voter approved bond indebtedness. To keep these costs in check, the Council adopted a long-range debt management plan, which is updated annually based on populations growth, tax base growth, and current levels of operating expenses.

## **Cash Management**

Temporary idle cash during the year was invested in the State Treasurer's Investment Pool and overnight purchase agreements collateralized by the U.S. Government securities. The average yield on unrestricted investment was 6.3% of the year ended.

## **Risk Management**

The City's self insurance fund in at \$10 million dollars and is the responsibility of Administrative Services. The City also participates in the State risk management fund for claims over \$10 million. Worker Compensation claims are also handled by the State.

## **Independent Audit**

The City's charter required an annul audit by independent certified accountants. The auditor's report on the general purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report.

## **Financial Section**

*The following section contains the City's independent auditors' report, combined general purpose financial statements, and financial statements for individual funds.*

## **Independent Auditor's Report**

We have audited the accompanying general purpose financial statements and the combining and individual fund and account group financial statements and schedules of City of Kelsey (the "Government"), as of June 30, 2005, for the year then ended, listed in the foregoing table of contents. These financial statements are the responsibility of the management of the Government. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall general purpose financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the reports of other auditors, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Government at June 30, 2005 and the results of its operations and the cash flows in generally accepted accounting principles. Also, in our opinion, the combining and individual fund and account group financial statements and schedules, present fairly, in all material respects, the financial position of each of the individual funds and account groups of the Government at June 30, 2005, and the results of operations of such funds and the cash flows of individual proprietary and nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the general purpose financial statements and on the combining and individual fund and account group financial statements and schedules taken as a whole. The accompanying financial information listed as supplemental schedules in the foregoing table of contents presented for the purpose of additional analysis and is not a required part of the financial statements of the Government. The supplemental schedules are also the responsibility of the management of the Government. Such additional information has been subjected to the auditing procedures applied in our audit of the general purpose, combining, and individual fund and account group financial statements and schedules and, in our opinion, based upon our audit and the reports of other auditors, is fairly stated in all material respects when considered in relation to the financial statements of each of the respective individual funds and account groups taken as a whole.

In accordance with Government Auditing Standards, we have also issued our report dated October 31, 2005, on our consideration of the Government's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants.

The statistical data presented for the purpose of additional analysis and is not a required part of the general purpose financial statements of the Government. Such additional information has not been subjected to the auditing procedures applied in our audit of the general purpose financial statements and, accordingly, we express no opinion on it.

*City of Kelsey*

## **Notes to the Financial Section**

### **A. Basis of Presentation**

The financial statements of the City of Kelsey have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as applied to governmental units. The Government Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The GASB pronouncements are recognized as U.S. generally accepted accounting principles for state and local governments.

This financial report has been prepared in conformity with GASB Statement No. 34, Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments, issued in June 1999.

### **B. Financial Reporting Entity**

City of Kelsey is non-profit governmental entity thus exempt from federal and state income tax. For financial reporting purposes, the City has included all funds and account groups. The City has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City’s financial statements to be misleading or incomplete, and has determined there are none. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the primary government to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the primary government. The City has no component units that meet the GASB criteria. The City has only one enterprise fund but maintains separate accounts within the Enterprise Debt Service and Capital Projects.

### **C. Basis of Accounting**

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The accompanying basic financial statements have been prepared on the accrual basis of accounting in conformity with generally accepted accounting principles. Revenues are recognized when earned. Expenses are recorded when the related liability is incurred. The principal operating revenues are rental and lease income, while the principal operating expenses are for the operations of the facilities that are being leased.

In accordance with Governmental Accounting Standards Board (GASB) Statement 20, the City has elected to apply the Financial Accounting Standards Board (FASB) Statements and interpretations issued after November 30, 1989.

#### **D. Land Held for Resale**

Land held for resale represents 3.52 acres of land located on 18<sup>th</sup> Avenue Northwest and 8<sup>th</sup> Street Northwest. The land is available for purchase for commercial development. Land held for resale is valued at the lower of cost or market value.

#### **E. Capital Assets**

Capital assets are valued at historical cost or estimated historical cost if historical cost is not available. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets.

#### **F. Deferred Charges**

Deferred charges consist of the unamortized bond issuance costs incurred on the Taxable General Obligation Development Refunding Bonds, Series 1997. The deferred charges are being amortized on the straight-line basis over the fifteen-year life of the bonds.

#### **G. Unamortized Bond Discount**

Discounts on the Bonds issued in 1997 are being amortized over the fifteen-year life of the bonds using the straight-line method.

#### **H. Advances from Primary Government**

Transactions between the primary government (State) and the City that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "advances from primary government."

#### **I. Net Assets**

Net Assets represent the difference between assets and liabilities in the basic financial statements. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net assets are reported as restricted in the basic financial statement when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

## NOTE 1 CASH AND INVESTMENTS

The City of Kelsey maintains a cash and investment pool that is available for use by the City. The City deposits all investments within the State investment pool. Earnings from such investments are allocated to the City and respective City funds on the basis of applicable balance participation by each fund. The City's investment pool does not specifically identify the Authority's investments. Therefore, the investments are not categorized by level of risk in accordance with Governmental Accounting Standards Board (GASB) Statement 3.

## NOTE 2 CAPITAL ASSETS

### Fixed Assets

The following is a summary of changes in capital assets for the year ending June 30, 2005:

	6/30/2004	Additions	Deletions	6/30/2005
Buildings	\$ 59,005,707	\$ 163,809	\$ -	\$ 59,169,516
Furniture and Fixtures	32,055,058	205,480		32,260,538
Subtotal	\$ 91,060,765	\$ 369,289	\$ -	\$ 91,430,054
Less: Accumulated Depreciation	40,910,400	24,619		40,935,019
Net Fixed Assets	\$ 50,150,365	\$ 344,670	\$ -	\$ 50,495,035

## NOTE 3 LONG-TERM DEBT

Bonds payable are comprised of the following individual issues:

	Interest Rate %	Annual Principal	Maturity Date	Bonds Outstanding
Highway User Revenue Bonds of 1995	4.00-5.75	\$ 55,000-145,000	02/01/16	<u>\$ 1,400,000</u>
Development, Series 1994	6.90-8.50	\$ 35,000-85,000	02/01/04	\$ 480,000
Series 1997	5.75-7.30	180,000-345,000	02/01/11	1,995,000
Subtotal Development Bonds				<u>\$ 2,475,000</u>
Total Bonds Payable				\$ 3,875,000
Less: Unamortized Bond Discount				(17,786)
Unamortized Loss on Bond Refinancing				(66,000)
Net Long-Term Debt				\$ 3,791,214
Less Current Portion				<u>(830,000)</u>
Long-Term Debt				<u>\$ 2,961,214</u>

Changes in long-term bonds payable are as follows:

	<u>6/30/04</u>	<u>Additions</u>	<u>Deletions</u>	<u>6/30/05</u>
Revenue Bonds	\$ 1,475,000	\$ -	\$ 75,000	\$ 1,400,000
Development Bonds	2,790,000	-	315,000	2,475,000
Total	<u>\$ 4,265,000</u>	<u>\$ -</u>	<u>\$ 390,000</u>	<u>\$ 3,875,000</u>

Annual requirements to retire bonds payable are as follows:

	<u>Total</u>	<u>Highway User Revenue Bonds</u>	<u>Development Bonds</u>
2004	\$ 1,055,136	\$ 148,842	\$ 906,294
2005	2,218,333	795,787	3,014,120
2006	561,753	150,998	410,755
2007	563,965	151,578	412,387
2008	370,918	151,813	219,105
2009-2013	1,415,833	759,403	656,430
2014-2016	451,486	451,486	-
	<u>\$ 5,815,020</u>	<u>\$ 2,609,907</u>	<u>\$ 8,424,927</u>
Less Interest Included	<u>(1,101,153)</u>	<u>(564,203)</u>	<u>(1,665,356)</u>
Principal Payable	<u>\$ 4,713,867</u>	<u>\$ 2,045,704</u>	<u>\$ 6,759,571</u>

On January 1, 1997 the City advance refunded the 1988 and 1990 Taxable General Obligation Development Bonds to reduce its total debt service payments by \$408,927 over the next fifteen years and to obtain a net present value savings of \$281,155. The advance refunding resulted in a deferred loss on advance refunding of \$123,774, which is being amortized over the life of the new bonds. The unamortized balance at December 31, 2003 is \$66,000.

#### NOTE 4 BUDGET BASIS OF ACCOUNTING

Adjustments necessary to convert the fund balances for the fiscal year ended from GAAP to budget basis are as follows:

	Fund Balances at June 30, 2005	
	General	Special
GAAP basis	\$24,928,890	\$844,396
Encumbrances reserved at June 30, but recognized as expenditure for budget purposes	(125,403)	(165,132)
Expense and claims payable not recognized as expenditures for budget purposes	691,147	379,261
Supply inventory expended when purchased for Fund balance designed for GAAP and expended for budget purposes	(35,048)	(12,501)
	(2,021,495)	
Budget basis	<u>\$23,438,091</u>	<u>\$1,046,024</u>

## **Capital Improvement Fund**

Capital Improvement fund accounts for all current financial resources used for the acquisition of capital facilities. Disbursement from this fund is primarily for property acquisition and the construction of permanent public improvements. The major sources of financing are derived from bond proceeds and special revenues.

1996	1996	13,275	4,113	2,701	20,089

Notes: (1) The County's property tax is levied each July 1 on the assessed value listed as of the prior January 1 for all real and personal property located in the County. Assessed valuations are established by the Board of County Commissioners at 100% of estimated market value for real property and 100% of actual value for personal property. Public service company property is certified by the State at 100% of actual value with no distinction between real and personal property values.

(2) A revaluation of real property is required by State Statutes at least every eight years.
