Our produce department offers over 350 fresh fruits, vegetables, herbs and spices.

We stock 16 different varieties of apples as well as a wide range of tropical fruits from around the world.

Experienced cooks know that the right combinations of herbs and spices will turn a good meal into a great meal. Herbs and spices are most flavorful when they are fresh, and we carry the freshest herbs and spices in the area.

Be sure to check out our Asian Specialty Produce department where we carry the produce, herbs and spices that are the staples of Asian cooking.

We know that our customers are interested in maintaining a healthy lifestyle while also trying to live within their budgets. We address these concerns by offering most of our produce in both organic and non-organic varieties.
